Summary points of Easter Letter from Bishop Fintan

Let Hope Shape Our Future

- Covid-19 has radically changed our lives and Church.
- Familiar faith practices have been greatly disrupted.
- We look forward to returning to a more acceptable form of normal.
- Our Church is in a time of profound change.
- The Church to which we shall return will be very different.
- What sort of Church do you want that to be?
- How will that Church be resourced?
- Do you want to be part of shaping that new reality?
- I invite you to join me in the Diocese of Killaloe on that new journey.
- As Easter people we are people of joy and this gives us hope to live and share that joy with future generations.

Happy Easter to all our parishioners and friends.
